

# Pottery Primary School Online Safety Event 2016

---

Helping your family to stay in control

# The workshop

- We are going to cover:
  1. The technologies and online content children, young people and their families are using
  2. Some of the challenges and issues they bring
  3. Some practical ideas, tools and information to help you stay in control

# What are the boundaries?

---

## Confidence

Many children pick up technology quickly!  
They learn by doing and automatically  
feel safe.

## Understanding

How should we behave in  
a virtual world?

# Boundaries Vs Rules

---

If we stay within agreed boundaries and educate ourselves on how to be safe...

Only then does the Internet open up a new world that can be exciting, educational, connecting, fun and not to mention at times highly entertaining!

## Children go mobile

24%  
8-11 year olds

Own a smart phone

69%  
12-15 year olds

Own a smart phone

71%  
5-15 year olds

Own their OWN tablet and no longer  
share their parents.

Ofcom (2015)

## Home has a new hub

The Family Hub™ is a revolutionary new refrigerator with a Wifi enabled touchscreen that lets you manage your groceries, connect with your family and entertain like never before.

## Social Media

Net Aware can be accessed online or is available as a mobile phone app.

It has been developed by the NSPCC and O2 , it is a guide on the interactive social networks, apps or games that children use the most (based on research with over 500 parents and carers and 1,725 young people.)

Net aware helps parents (primarily of 8-12 year olds) to understand more about the different sites and apps, it also gives advice from other parents about age appropriateness, content, ease of reporting and privacy.

 **omegle**  
Talk to strangers!

What happens every 60 seconds on the Internet?

video: every 60 seconds

Would you leave your front door open?

video: Jigsaw

**CEOP Report  
Button**

- Talk with your child / children
- Have privacy controls/ filters on Internet and individual apps
- Talk to a member of staff at school if you have concerns or need advice

- Know what your child is doing on the Internet
- Check out apps yourself before allowing your child to use them
- Have set 'home' boundaries i.e.. What they can do and when on the Internet

- Ask your child about Online safety (they may surprise you and know more than you think!)
